## EDGE T1600 CITY

# High Quality Titanium Wheelchair Urban Adventurers On the Go

## 1. Sleek Titanium Frame

Enjoy a refined metallic look with a stunning matte finish, and choose from various colorful aluminum accents that lets you express your personal style.

## 2. Featherlight Design

Its 6kg Ultra-lightweight frame allows easy lifting, smooth handling, and confident movement across city streets, public transport, and tight spaces..

## 3. Wide-Range Center of Gravity Adjustment

With an adjustable 0-60 mm range COG, effortlessly adapt your wheelchair in any scenario, whether it's navigating on city streets, ramps, or outdoor adventures.

## 4. Stylish Urban Tires

Combine durability with a striking, customizable look through the wheelchair's puncture-resistant city tires and high visibility carbon composite hubs.

# Elevate Your Everyday Journeys Engineered for Life On the Move

## 5. Innovative Rear Wheel Axle Design

Our threaded rear axle lets you adjust the gap easily between rear wheels and fenders by 0-17 mm, ensuring compatibility with different wheel types and tire widths with ease.

## 6. Quick-Snap Precision Tuning

The hook-and-loop tensioners lets you fine-tune the seat and backrest for precise, ergonomic support, helping users achieve individual mobility needs.

## 7. Dual-Arm Fork System

Vibrant aluminum hubs paired with PU (polyurethane) solid tires strengthen the wheelchair's front structure, delivering greater front-end stability, smoother movement and increased control on varied surfaces.

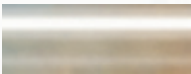

## 8. Ergonomic Cushion

Experience lasting comfort and steady support with its ergonomic cushion - making every city stroll or park visit feel easy and enjoyable.
