OMNI T1600

Experience Unmatched Performance With Our Titanium Wheelchair

1. Radiant Titanium Frame

The radiant titanium finish combines cutting-edge technology with sleek, elegant design.

2. Compact Yet Powerful

Engineered with a dual-tube structure, this wheelchair is ultra-light at 11kg yet strong enough to support up to 150kg – compact, durable, and ready for anything.

3. Comfortable Grip Urban Tires

Designed for city comfort, the 24" air tires come with a droplet-shaped aluminum handrim and PU (polyurethane) anti-slip strips for a secure, comfortable grip and worry-free ride.

4. Safe and Sturdy Components

Made from carbon-fiber checkerboard material, the side guards and armrests are lightweight yet impact-resistant to provide long-lasting protection and comfort.

Confidence in every ride Comfort in every moment

5. Personalized Comfort Adjustment

With the adjustable seat and backrest straps, you can set the exact support you need for a more comfortable, personalized experience.

6. Convenient Folding Footrests

The detachable, carbon-fiber footrests fold smoothly, make it easier to get on and off the wheelchair, simple and hassle-free.

7. Exceptional Rust Resistance

Titanium end caps and stainless-steel fasteners add long-lasting durability and rust resistance, ensuring the wheelchair maintains its quality through daily use.

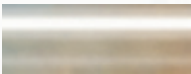

8. User-Friendly Push Brake

The convenient and user-friendly control assures safety and keeps operation simple, giving you confidence and peace of mind on every ride.
